Who doesn't like sports? The United States is known for their sporting events, and sports have always been a part of American history. Football is rated as the number one sport in the United States, followed by baseball/softball as number two, and basketball as number three. If you are a fan of basketball, this is your favorite time of year because everywhere you turn consists of sports fanatics talking about bubble teams, brackets, and buzzer beaters. March Madness is when the NCAA men's and women's college basketball tournaments are held. Each tournament is a single elimination featuring 68 teams to survive three weekends of games, and only 16 teams make it past the first weekend. March Madness will begin on March 12th with the Sunday Selection, followed by the first tip-off on March 14th and 15th. Get your brackets ready for March Madness and let the fun begin!
